State Farm Insurance

Standard Companion Guide Transaction Information

Instructions related to Transactions based on ASC X12 Implementation Guides, version 005010

Companion Guide Version Number: [1.2]
[July 31, 2017]
Preface

Companion Guides (CG) may contain two types of data, instructions for electronic communications with the publishing entity (Communications/Connectivity Instructions) and supplemental information for creating transactions for the publishing entity while ensuring compliance with the associated ASC X12 IG (Transaction Instructions). Either the Communications/Connectivity component or the Transaction Instruction component must be included in every CG. The components may be published as separate documents or as a single document.

The Communications/Connectivity component is included in the CG when the publishing entity wants to convey the information needed to commence and maintain communication exchange.

The Transaction Instruction component is included in the CG when the publishing entity wants to clarify the IG instructions for submission of specific electronic transactions. The Transaction Instruction component content is limited by ASCX12’s copyrights and Fair Use statement.

Transaction Instruction (TI)

1 TI Introduction

1.1 Background

1.1.1 Overview of HIPAA Legislation

The Health Insurance Portability and Accountability Act (HIPAA) of 1996 carries provisions for administrative simplification. This requires the Secretary of the Department of Health and Human Services (HHS) to adopt standards to support the electronic exchange of administrative and financial health care transactions primarily between health care providers and plans. HIPAA directs the Secretary to adopt standards for transactions to enable health information to be exchanged electronically and to adopt specifications for implementing each standard HIPAA serves to:

- Create better access to health insurance
- Limit fraud and abuse
- Reduce administrative costs

1.1.2 Compliance according to HIPAA

The HIPAA regulations at 45 CFR 162.915 require that covered entities not enter into a trading partner agreement that would do any of the following:

- Change the definition, data condition, or use of a data element or segment in a standard.
- Add any data elements or segments to the maximum defined data set.
- Use any code or data elements that are marked “not used” in the standard’s implementation specifications or are not in the standard’s implementation specification(s).
- Change the meaning or intent of the standard’s implementation specification(s).
1.1.3 Compliance according to ASC X12
ASC X12 requirements include specific restrictions that prohibit trading partners from:
- Modifying any defining, explanatory, or clarifying content contained in the implementation guide.
- Modifying any requirement contained in the implementation guide.

1.2 Intended Use
The Transaction Instruction component of this companion guide must be used in conjunction with an associated ASC X12 Implementation Guide. The instructions in this companion guide are not intended to be stand-alone requirements documents. This companion guide conforms to all the requirements of any associated ASC X12 Implementation Guides and is in conformance with ASC X12’s Fair Use and Copyright statements.

1.3 Applicability
The information in this companion guide applies to State Farm Property and Casualty Auto and Workers’ Compensation electronic claim/bill supporting documentation submission for electronic documentation.

1.4 Accepted document formats
This companion guide defines the binary data format types and encoding that are currently being accepted by State Farm for Property and Casualty Auto and Workers’ Compensation related claim/bill supporting documentation.

1.5 Acknowledgements
A 999 Implementation Acknowledgement for Healthcare Insurance transaction will be returned to the submitter of the 275 transaction within 2 business days both for accepted and rejected transactions.
2 Included ASC X12 Implementation Guides

This table lists the X12N Implementation Guides for which specific transaction Instructions apply and which are included in Section 3 of this document.

<table>

4 TI Additional Information

4.1 Business Scenarios

This companion guide applies to the electronic submission of Auto and Workers’ Comp related electronic attachment (documentation) submissions using the 275 transaction. Other methods of electronic submission that do not utilize the 275 EDI transaction may also be used based on published jurisdictional mandates. At
the time of publication of this companion guide, the HIPAA legislation does not mandate the use of the 275 transaction.

4.2 Frequently Asked Questions

4.2.1 Question: Will State Farm Property and Casualty accept 275 transactions that contain HL7 XML content?

Answer: State Farm will not accept any 275 transaction that contains HL7 XML at this time. All content must conform to the specifications noted in Section 3 Instruction Tables.

4.3 Other Resources

4.3.1 Washington Publishing Company (www.wpc-edi.com)

4.3.2 ASC X12 (www.x12.org)

5 TI Change Summary

This is an updated publication. Changes to the prior publication include adding language to include 275 transactions for Auto related electronic medical bills and 275 transactions will be accepted for all states.
